#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### 1. Basis of Preparation

The consolidated financial statements of the Company have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS"). The consolidated financial statements have been prepared under the historical cost basis except that the leasehold land and buildings and investment properties are stated at fair value.

The preparation of consolidated financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed.

#### 2. Significant Accounting Policies

Except as described below, the accounting policies applied as described in those consolidated financial statements are consistent with those of the financial statements for the year ended 31st December 2013.

(a) New standards, amendments or interpretations mandatory for the first time for the financial year beginning 1st January 2014:

HKAS 32 (Amendments), "Offsetting financial assets and financial liabilities". The amendments clarify the application of certain offsetting criteria in HKAS 32, including the meaning of 'currently has a legally enforceable right of set-off' and that some gross settlement systems may be considered equivalent to net settlement. The amendments have been applied retrospectively in accordance with their transitional provisions. As the Group does not currently present any of its financial assets and financial liabilities on a net basis using the provisions of HKAS 32, these amendments had no material effect on the consolidated financial statements for any period presented.

Amendments to HKFRS 10, HKFRS 12 and HKAS 27 (2011), "Investment Entities". The amendments include the definition of 'investment entity' and provide an exception to the consolidation requirements in HKFRS 10. Investment entities are required to measure their subsidiaries at fair value through profit or loss, rather than consolidate them. The amendments also set out disclosure requirements for investment entities. The amendments do not have an impact on the consolidated financial statements as the Company is not an investment entity.

Amendments to HKAS 36, "Recoverable Amount Disclosures for Non-Financial Assets". The amendments clarify the requirements to disclose the recoverable amount of an asset (or cash generating unit) whenever an impairment loss has been recognised or reversed in the period. In addition, they introduce several new disclosures required to be made when the recoverable amount of impaired asset (or cash generating unit) is based on fair value less costs of disposal. The amendments had no material effect on the consolidated financial statements as the Group has not recognised or reversed an impairment loss of non-financial assets during the year.

Amendments to HKAS 39, "Novation of Derivatives and Continuation of Hedge Accounting". The amendments allow hedge accounting to continue in a situation where a derivative, which has been designated as a hedging instrument, is novated to effect clearing with a central counterparty as a result of laws or regulations, if specific conditions are met. The amendments had no material effect on the consolidated financial statements as the Group does not have any derivatives.

HK(IFRIC)-Int 21, "Levies". The interpretation provides guidance on when a liability to pay a levy imposed by governments, other than income taxes, should be recognised and clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy. The interpretation had no material effect on the consolidated financial statements as they are consistent with the policies adopted by the Group.

(b) New standards, amendments or interpretations issued but are not effective for the financial year beginning 1st January 2014 and have not been early adopted:

HKFRS 9 (2014) Financial instruments

HKFRS 15 Revenue from Contracts with Customers

The adoption of the other new standards, amendments or interpretations that are not yet effective would be expected to have no material impact on the consolidated financial statements of the Group.

#### 3. Revenue and Segment Information

Revenue represents the net amounts received and receivable for goods sold by the Group to outside customers, less returns and allowances, and revenue from service contracts, and is analysed as follows:

Andited

	Year en 31st Dece	nded
	2014 HK\$'000	2013 HK\$'000

	1,433,921	1,612,958

The chief operating decision maker has been identified as the Board. The Board reviews the Group's internal reporting in order to assess the performance and allocate resources. The Board has determined the operating segments based on the Group's internal reporting.

The Group is currently organised into two (2013: two) operating divisions – Information Technology Products ("IT Products") and Information Technology Services ("IT Services"). These divisions are the basis on which the Group reports its primary segment information to the chief operating decision maker. The business nature of each segment is disclosed as follows:

#### IT Products

Being the business of information technology in supplying of information technology and associated products.

#### IT Services

Being the business of information technology in providing systems integration, software and consulting services, engineering support for products and solutions and managed services.

The accounting policies of the reportable segments are the same as the Group's accounting policies. Performance is measured based on segment profit that is used by the chief operating decision maker for the purposes of resource allocation and assessment of segment performance. Income tax expense is not allocated to reportable segments.

The revenue, profit or loss, assets and liabilities of the Group are allocated based on the operations of the segments.

Reportable segment profit is profit before income tax, excluding unallocated other income, other gain or loss, net, share of results of associates, gain or loss on disposal of property, plant and equipment, unallocated depreciation for property, plant and equipment that are used for all segments, fair value gain on revaluation of investment properties, finance costs, and other corporate expenses (mainly include staff costs and other general administrative expenses) of the head office.

Reportable segment assets exclude interests in associates, deferred income tax assets, unallocated restricted bank deposits, unallocated cash and cash equivalents, unallocated corporate assets (mainly include property, plant and equipment, investment properties and part of intangible assets that are used by all segments, prepayments, deposits and tax recoverable) and assets of disposal group classified as held for sale.

Reportable segment liabilities exclude current income tax liabilities, deferred income tax liabilities, unallocated corporate liabilities (mainly include accrued charges of the head office and short-term borrowings) and liabilities of disposal group classified as held for sale

#### MANAGEMENT DISCUSSION AND ANALYSIS

#### **Financial results**

For the year ended 31st December 2014, profit attributable to equity holders of the Company was approximately HK\$28.5 million, representing an increase of HK\$11.2 million or 64.7%, compared to last year. The basic earnings per share was 9.15 HK cents, increased by 64.9% as compared to last year. Such increases were primarily due to the one-off gain on deemed disposal of the Group's partial interests in a subsidiary, i-Sprint Innovations Pte Ltd ("i-Sprint") and the Group's continuous efforts in enhancing the operational efficiency during the year.

For the year ended 31st December 2014, product sales and service revenue were HK\$805.6 million and HK\$628.3 million, lower by 9.5% and 13.0% respectively compared to last year. Product sales and service revenue contributed 56.2% and 43.8% to total revenue respectively, compared to 55.2% and 44.8% last year.

During the year under review, revenue of the Group was HK\$1,433.9 million, lower by HK\$179.0 million compared to last year. Gross profit margin was 8.0%, a decline of 1.3% compared to last year. The declines in revenue and gross profit margin were due to a combination of factors including increasingly acute competition of Information Technology (IT) market and de-consolidation of i-Sprint's financial results from the accounts of the Group since 12th February 2014, following the deemed disposal of the Group's partial interests in i-Sprint.

With respect to other income for the year ended 31st December 2014, the Group recorded an one-off gain of HK\$44.7 million due to the deemed disposal of the Group's partial interests in i-Sprint. Details of the deemed disposal are disclosed in the Company's announcements dated 28th January 2014, 4th February 2014 and 12th February 2014. Following the completion of investment from a strategic investor, i-Sprint recorded a loss for the year ended 31st December 2014 due to i-Sprint having a strategic planning on business development, which resulted in an expected sharing of loss of associates by the Group for the year under review.

During the year under review, a business contract of a wholly-owned subsidiary of the Group had been terminated, details of which are disclosed in the Company's announcements dated 19th March 2014 and 21st May 2014. As a result, the Group had adopted a prudent approach in making provisions for the potential financial impact that might incur. The possible impact arising from the termination of the business contract on the Group's results for future financial periods is subject to negotiation.

The aforesaid one-off gain and the effectiveness of operational efficiency enhancement were partially offset by the share of loss of associates and the prudent approach adopted on making certain provisions for the termination of the business contract.

For the year ended 31st December 2014, orders newly secured by the Group amounted to approximately HK\$1,537.6 million, representing a decrease of 8.9% as compared to last year. As at 31st December 2014, the order book balance was approximately HK\$783.3 million, a decrease of 6.8% compared to last year. The Group's net cash stood at approximately HK\$130.4 million with a working capital ratio of 1.68:1. The Group maintained a healthy balance sheet and outstanding borrowings amounted to approximately HK\$42.0 million as at 31st December 2014. The above comparative amounts excluded orders, cash and cash equivalents and short-term borrowings of disposal group classified as held for sale.

Looking ahead, we will continue to work closely with our huge network of world-leading partners, streamline our operation process as well as create greater synergies with our ultimate holding company, Beijing Teamsun Technology Co., Ltd.
